Valued at $47 billion.

Nine months later, it couldn't go public.

Fresh off $2 billion from SoftBank.

$47B

WeWork's valuation, January 2019

The IPO filing: anyone could read the numbers.

$5.9 million for the "We" trademark, paid to a founders' entity.

> Later returned.

IPO pulled. CEO out.

Filing read

IPO pulled

CEO steps down

From $47B to bankruptcy.

Jan 2019	$47B
Sept 2019	IPO
2021	~$9B
Nov 2023	Ch. 11

A valuation is an opinion. Cash flow is a fact.

YOUR RULE

Before you buy the hype:

1. Read how it makes money
2. Check cash flow, not valuation
3. Look for founder deals in the filing
