A rigged wheel moved answers by 20 points.

Spin the wheel. Then guess: what % of UN countries are African?

🎡 Wheel stops on 10 or 65

🤔 Higher or lower?

✍️ Your own guess

The wheel became the answer.

SAW 10

median 25%

SAW 65

median 45%

Paying for accuracy didn't fix it.

MIT, 2003

Students bid using their Social Security digits as an anchor.

Same keyboard. 3x the bid.

HIGHEST SSN FIFTH

about $56

LOWEST SSN FIFTH

about $16

TUCSON, 1987

Real estate agents. Same house. Different listing price.

Appraisals moved by $10,000+.

1 in 10

agents who named the listing price as a factor

Write your number first.

1. Decide your number before you look
2. Write it down
3. Compare, then adjust on purpose
