The secret to living past 110? Bad paperwork.

> At least, according to one researcher.

Saul Justin Newman, UCL. He checked the records.

📜 Birth records

🏛️ Pensions

🔍 Audit

Of people over 110 he tracked, almost none had a birth certificate.

7 out of more than 500.

7 of 500+

U.S. people over 110 with a birth certificate (Newman)

9,000+ people over 100 collecting pensions while dead.

> As reported by a Greek minister.

About 30,000 'living' pensioners were dead.

~30,000

dead pension recipients found in Italy in 1997

Old-age life expectancy rank, 1990.

SARDINIA

51st of 128 regions

IKARIA, GREECE

109th of 128

Worst records + pension pressure = more 'centenarians.'

> A critique worth knowing, not the final word.

YOUR MOVE

Skip the miracle village. Bank the basics.

1. Walk every day
2. Lift something heavy, twice a week
3. Protect your sleep and your friends
