"One big lie."

> What Bernie Madoff told his sons, December 10, 2008.

His sons go to the authorities. He's arrested the next day.

Not an outsider. An insider.

One analyst did the math.

> Harry Markopolos told the SEC the gains were mathematically impossible.

The warnings kept coming.

- **1999** — First warning to the SEC
- **2000** — Boston office, again in 2001
- **2005** — New York office, again in 2007

On paper vs. in reality.

YOUR MOVE

Before you invest with anyone:

1. Returns that never wobble are a question
2. Use an independent custodian
3. Check statements against the custodian, not the manager
